

Talking Points ***Cvent Reporting***

To understand the involvement of each member we need to capture data on how members engage with HFMA. To capture this data and value to the member on the 2019-20 dashboard, the following will be effective for the 2019-20 DCMS year:

Education Events (live events, webinars, co-sponsored events with outside organizations): All event registration is required to run through Cvent. Event registration lists outside of Cvent will no longer be uploaded manually.

Networking Events: At least four (4) Networking Events are required to be set up in Cvent as stand-alone events or through an education event to capture engagement.

Education Quality: Event surveys from the chapter's top three events for Education Quality are required to run through Cvent selecting the question Rate the Event Overall. Event surveys outside of Cvent will no longer be uploaded manually.

Founders Awards

The Founders Awards have been updated for 2019, and the following will be effective for the 2019 Founders Awards (for service during the 2018-19 DCMS year):

Follmer Bronze Award (25 points): Certificate of Achievement

Reeves Silver Award (50 points): Certificate of Achievement

Muncie Gold Award (75 points): Plaque date plated with the year the recipient achieved the Bronze, Silver, and Gold awards.

Medal of Honor Award: Plaque

Awards of Excellence

The Awards of Excellence have been updated for 2019. Each chapter will receive one award plaque listing all awards earned in that DCMS awards year. This will be effective for the 2018-19 DCMS awards year.

Fall Presidents DCMS requirements

At least one chapter President and/or President Elect and one additional officer must attend and participate in the meeting in person.

Leadership Training Conference DCMS requirements

At least one chapter President and/or President Elect and one additional officer must attend and participate in the meeting in person.

Collaboration with Chapter Advancement Team

Quarterly calls with the Regional Executive Team and a member of the Chapter Advancement Team to discuss any challenges within the region.
